Group and Individual Crisis Intervention

December, 2022

Kalispell, MT- location and other info TBA

Exercises

None this edition

Resources

1. Submitted by Betsy Ross:

Our counterparts in South Dakota have some open seats in upcoming training. These are all in-person courses and travel would be the responsibility of the individual. Pass along if you think any Eastern District folks would be interested. Priority may be given to in-state students, but if there are extra seats out-of-state students may attend.

G235 Emergency Planning July 7-8th in Pierre

Find their full training calendar and details for registration at: <https://sdoem.eventsmart.com/>

Grants and Other News

1. The following is a current and upcoming HMGP mitigation opportunity.

A “notice of intent” should be submitted for this mitigation grant opportunity. Applications for HMGP are submitted in Egrants, for more information please contact the state mitigation team.

- DR-4608 (Straight Line Wind Event – Summer 2021): Sub application of July 1, 2022
 - o Estimated to have approximately \$500,000 available

2. The Recovery Manager position for Montana DES (the position Tim Thennis recently retired from) is posted and accepting applications at: <https://mtstatejobs.taleo.net/careersection/200/jobdetail.ftl?job=22140978&tz=GMT-06%3A00&tzname=America%2FDenver>

It is open until filled.

SECURING PUBLIC GATHERINGS

CISA REGION 8

Securing Public Gatherings Webinar

The Cybersecurity and Infrastructure Security Agency (CISA) Region 8, and the DHS Office of Intelligence and Analysis (I&A) Rocky Mountain Region invite you to participate in the *CISA Securing Public Gatherings Webinar* on June 23, 2022 at 1:00 – 3:00 pm MDT.

OVERVIEW

Public gatherings and crowded places are increasingly vulnerable to terrorist attacks and other extremist actors because of their relative accessibility and large number of potential targets. Organizations of all types and sizes, including businesses, critical infrastructure owners and operators, schools, and houses of worship face a variety of security risks.

The Securing Public Gatherings Webinar is an awareness-level training that will provide tools and resources to assist with protection of public areas from a variety of threats.

OBJECTIVES

The topics will include information on security concerns, vulnerabilities, mitigation options and resources available to support the protection of public venues.

INTENDED AUDIENCE

Stakeholders from the Rocky Mountain Region (Colorado, Montana, North Dakota, South Dakota, Utah, and Wyoming):

- Representatives for facilities and venues where the public gathers (examples include shopping centers, commercial facilities, small retail, concert and festival venues, and houses of worship).
- Emergency managers, law enforcement/first responders, security directors, safety personnel, and planners.

For more information about securing public gatherings visit [CISA | Securing Public Gatherings](#) or email CISA Region 8 at R8trainingandexercise@hq.dhs.gov.
